

# SAVE WATER

Use water sparingly in order for us to prevent this area to be declared a "Disaster Area".

**PLACE A WATER BAG  
or BRICK IN TOILET  
CISTERN TO  
DISPLACE WATER**  
Ave. Toilet Flush = 9l

**REPAIR LEAKS!**  
A dripping tap uses  
8000 litres per month!

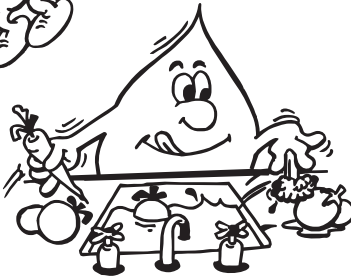

**SHOWER WITH  
A BUCKET!**  
Collect Clean Cold Water  
for use in Kitchen  
or for washing face,  
teeth, shaving, etc.  
Collect Dirty water in  
different bucket  
re-use in toilets,  
wash floors,  
water gardens  
or wash cars.

**DON'T LET  
THE TAP RUN!**

Water runs at +-13L  
per minute. Use a plug  
and fill basins/sinks with the  
minimum water required .

**USE CLEAN  
COLD WATER  
FROM SHOWER  
FOR SHAVING  
OR WASHING FACE**

**USING A HOSEPIPE IS ILLEGAL!**  
Collect USED water from washing  
machine, shower, bath, rinsing dishes,  
cooking, etc and use to water the garden.

Keep a plastic basin with a small  
amount of soapy water handy on  
the side in the kitchen and use  
for washing hands!
