6. DISCUSSION / CONTENTS

6.1. Background

Section 28 of the Municipal Finance Management Act 2003 (No.56) (MFMA) determines that a Municipality may revise an approved annual budget through an adjustment budget.

Subsection (2) also determines that an adjustment budget:

- a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;
- b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
- c) May, within a prescribed framework, authorize unforeseeable and unavoidable expenditure recommended by the mayor;
- d) May authorize the utilization of projected savings in one vote towards spending under another vote;
- e) May authorize the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the Council;
- f) May correct any errors in the annual budget; and
- g) May provide for any other expenditure within a prescribed framework.

Subsection (4) determines that only the mayor may table an adjustment budget in the municipal Council, but an adjustment budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.

Subsection (5) states that when an adjustment budget is tabled, it must be accompanied by an explanation of how the adjustment budget affects the annual budget and a motivation of any material changes to the annual budget.

Subsection (6) states very clearly that property rates and tariffs may not be increased during a financial year except when required in terms of a financial recovery plan.

Cognizance must also be taken of Section 15 of the MFMA which refers to the appropriation of funds for expenditure.

Subsection (a) determines very clearly that expenditure may only be incurred in terms of an approved budget; and (b) Within the limits of the amounts appropriated for the different votes in an approved budget.

Also take note of Section 23 (3) of the Budget and Reporting Regulations which refers to the timeframes of tabling of adjustment budgets.

Subsection (3) states-

If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

6.2 Discussion

GRDM received additional grant funding from Provincial Treasury of R2.1m.

In addition, GRDM also received the outcome of the conditional grant roll-over applications from National and Provincial Treasury.

NT granted approval for all conditional grants, except R1.3m relating to the Rural Roads Asset Management Systems (RRAMS) grant and PT granted approval for all conditional grant except for R350,000 relating to funding for interns and R590,488 relating to the Integrated Transport Planning grant.

These adjustments have to be brought into the 2020/21 budget by means of an Adjustment Budget tabled to Council for approval.

Detail and further explanation is provided in the report below.

Legislative Framework

This report has been prepared in terms of the following enabling legislation.

The Municipal Finance Management Act – No. 56 of 2003

Section 28 Municipal Adjustment Budgets

Local Government: Municipal Finance Management Act (56/2003): Municipal budget and reporting regulations

Schedule B format of adjustment budgets

PART 1 – IN-YEAR REPORT

SECTION 1 – MAYORAL SPEECH

The reason for the adjustment budget tabled at council today is to include the following expenditure into the approved budget for the 2020/2021 financial year:

Additional Grants allocations as per **Section 28(2)(b)** of the Municipal Finance Management Act, 56 of 2003 that states:

- May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;

Section 23(3) of the Budget and Reporting Regulations which refers to the timeframes of tabling of adjustment budgets states-

- If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

The details of the above inclusions into the budget are as follows:

Additional Provincial Conditional Grants

Provincial Government Additional Adjustment Funds		
Section	Project Description	Additional Funds
Exec & Council	Western Cape Financial Management Support Grant:	2 108 000,00
	Breakdown is as follows:	
	Revenue enhancement (Identifying of Alternative Revenue Sources)	
Finance		200 000,00
IT Section	Data cleansing	200 000,00
Finance	Upskilling of Finance Staff and Financial Reforms	200 000,00
Risk Management	Risk Management and Internal Audit system	1 508 000,00

In the Provincial Gazette Extraordinary 8345 dated 3 November 2020 as issued by Western Cape Government, the above additional conditional grant allocations were made to Garden Route District Municipality. This is therefore added to operating revenue and operation expenditure in the 2020/21 budget.

National grant allocations Roll-over not approved:

National Government Roll - Overs Not Approved		
Section	Project Description	Roll - Over Amount
Roads	Rural Roads Asset Management Systems	1 300 000,00
		1 300 000,00

Rural Roads Asset Management Systems grant (R1,300,000)

A formal tender process has been concluded in order to deliver on the RRAMS project. The total cost of the final awarded contract is substantially less than the grant allocations from National Government for the current and coming years. As we are not able to use this funding for any other purpose, we are not in a position to utilise the full grant allocation.

We have engaged the National Department of Transport in an effort to deliver the project in a shorter period of time (2 years) in order to identify alternative usage of the funding that the National Department has available.

Provincial Grant allocation Roll-over not approved:

Provincial Government Roll - Overs Not Approved		
Section	Project Description	Roll - Over Amount
Roads	Integrated Transport Planning	590 488,00
Corporate	WC Finance Management Internship Program - HR	350 000,00
		940 488,00

Integrated Transport Planning grant (R590,488)

Delays due to COVID 19 resulted in delayed expenditure of this grant. However, a formal tender process was concluded and the award to the successful bidder is within the allocation received for the current year. There is therefore no loss to Council as a result of the roll-over not being approved, as these conditional funding cannot be utilised for any other purpose.

Municipal Finance Management Internship Support Programme (R350,000)

Implementation of the programme programme as a support to all interns throughout the District was set for March – June 2020. Unfortunately, due to COVID 19 and the resulting lockdown levels, implementation was delayed. Application for roll-over was submitted to Provincial Treasury – it is unfortunate that PT decided to not roll-over the grant funding to

2020/21, even though we indicated that implementation can be done and concluded before the end of our and their current financial years.

Summary

Total unspent grants not approved by National and Provincial Government: R2 240 488.

Total new conditional grants added to the 2020/21 budget: R2 108 000.

The net impact on the Approved budget is R0, as the expenditure and income is increased and decreased with equal amounts.

I would therefore like to recommend that council approve the following resolutions:

- (1) That the adjustment budget of Garden Route District Municipality for the financial year **2020/2021** as set out in the schedules contained in Section 4 be approved:
 - (i) Table B1 Adjustments Budget Summary;

3.1 Introduction

The Adjustment budget is tabled to Council for approval. This adjustment budget includes additional gazetted conditional grant funding of R2.108m from the Western Cape Government.

3.2 Adjustment Budget

Municipal Budget and Reporting Regulations

The reason for the adjustment budget tabled at council today is to include the following expenditure into the approved budget for the 2020/2021 financial year:

Additional Grants allocations as per **Section 28(2)(b)** of the Municipal Finance Management Act, 56 of 2003 that states:

- May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;

Section 23(3) of the Budget and Reporting Regulations which refers to the timeframes of tabling of adjustment budgets states-

- If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

Provincial Government allocated an additional R2 108 000 for the Western Cape Financial Management Support Grant and this additional allocation has been included in this adjustment budget.

Operational Budget

The Provincial Government Gazette 8345 dated 3 November 2020 states that R2,108,000 is allocated to the Garden Route District Municipality.

The different grants required for inclusion into the budget are as follows:

1. Projects funded by means of other sources that is Memorandum of Understanding or Service Level Agreements.

These grants are funded by means of SLA or MOU whereby the municipality enter into agreement with the respective funders to implement projects as per the stipulated agreements.

3.3 Provision of basic services

The municipality as a category C municipality do not deliver basic services in respect of the following:

- Provision of Water services
- Provision of sanitation services
- Provision of refuse
- Provision of housing

3.4 SDBIP and MTREF financial sustainability

The municipality tabled a balanced/funded budget during the May council approval budget process. The SDBIP was compiled on the basis of this approved budget.

The roll-over projects tabled in this report for inclusion in the budget is either funded from a National or Provincial allocation or a result of a negotiation process end being concluded by means of a Memorandum of Understanding (MOU) or Service Level Agreement (SLA).

The adjustment will have no negative effect on the sustainability of the original budget as approved by council.

3.5 High level summary of adjustments

The following table illustrates the Original Budget approved by council for the **2020/2021** MTREF period during the May council budget approval process and the subsequent movement of the proposed August rollover budget.
