WC

21 681 : 24 299 12% increase

General points:

1. Our position is very similar to what it was one week ago.
2. Mossel Bay and Hessequa remain with the highest rates.
3. The only area showing a sustained and constant slow decrease is George.
4. George Hospital remains under pressure. Covid ward is still full and High Care is 92% full.
5. All district hospitals busy, especially Oudtshoorn Hospital, but manageable presently.
6. One major difference: Number of teams now that are very tired with the unremittingly-high daily new cases.
