The tender has been awarded for the construction of the regional landfill site, and appeal period concluded. Currently contract with successful service provider is under way and are in the negotiation phase to conclude terms and conditions of the contract. Actual construction is only expected to start towards the end of quarter 4 at which point the total percentage spent of the capital budget will show significant increase. The regional landfill site's budgeted amount has been reduced with the adjustment budget that served before council on the 27th of February 2023. The fire station will commence with construction within the next month. The low expenditure in the first half of the 2022/23 is therefore as expected, the fire station will be completed in 2023/2024.
