**REPORT FROM THE EXECUTIVE MAYOR (ALD M KRUGER)**

2. **PURPOSE OF THE REPORT**

The report is tabled to council in terms of section 28(2) (Municipal Adjustments Budgets) as required in terms of the Municipal Finance Management Act 56 of 2003.

3. **DELEGATED AUTHORITY**

Council

4. **EXECUTIVE SUMMARY**

**Section 28** of the Municipal Finance Management Act 2003 (No. 56) (MFMA) determines that a Municipality may revise an approved annual budget through an adjustments budget.

**Subsection (2)** of the above section determines that an adjustments budget:

- a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year.

**Section 18 (1) (b)** of the MFMA states that an annual budget may be **funded from cash-backed accumulated funds from previous years' surpluses** not committed for other purposes.

**Gain on disposal of properties**

During the Mid-year adjustments budget tabled in February 2026, the municipality anticipated a gain on the disposal of properties to the amount of

R25,276m for the 2025/26 financial year. However, the process to dispose of the properties is still in progress and will not be finalized by the end of the current financial year.

Council has already approved certain properties for alienation, and the properties will be alienated through auction. The Property Management Section is currently progressing with the disposal of properties in line with the Asset Transfer Regulations.

The gain is anticipated to be realized during the 2026/27 financial year and has been included as such in the 2026/27 MTREF budget. It was resolved in the Council meeting of 27 May 2026 that a detailed report outlining the breakdown of the gains be submitted. Furthermore, it was resolved that a comprehensive implementation plan, together with regular progress reports on the alienation of the identified properties, must be submitted to Council as a standing agenda item.

### **Fire Services Revenue**

The municipality applied for additional funding from the Provincial Disaster Management Department for the Mossel Bay fires that occurred during the financial year. While the municipality has previously been successful in securing additional funds for similar fire disasters, no funding was made available in the current year.

An anticipated amount of **R4.5 million** was initially included in the 2025/2026 budget. However, as these funds were not received, the amount must be removed from the budget to ensure that revenue is presented realistically.

### **Adjustments**

Consequently, the above revenue estimates must be adjusted downwards for the material under-collection of revenue as required by Section 28(2)(a) of the MFMA. These adjustments must be brought into the 2025/26 budget by means of an Adjustments Budget tabled to Council for approval.

The budget funding shortfall from the above revenue adjustments will be funded from **cash-backed accumulated funds from previous years' surpluses** not committed for other purposes as per Section 18 (1) (b) of the MFMA.

## **6.1 BACKGROUND**

**Section 28** of the Municipal Finance Management Act 2003 (No. 56) (MFMA) determines that a Municipality may revise an approved annual budget through an adjustments budget.

**Subsection (2)** of the above section determines that an adjustments budget:

- a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year.
- b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;
- c) May, within a prescribed framework, authorize unforeseeable and unavoidable expenditure recommended by the mayor;
- d) May authorize the utilization of projected savings in one vote towards spending under another vote;
- e) May authorize the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the Council;
- f) May correct any errors in the annual budget; and
- g) May provide for any other expenditure within a prescribed framework.

**Subsection (4)** determines that only the mayor may table an adjustments budget in the municipal council, but an adjustments budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.

**Subsection (5)** states that when an adjustments budget is tabled, it must be accompanied by an explanation of how the adjustments budget affects the annual budget and a motivation of any material changes to the annual budget.

**Subsection (6)** states that property rates and tariffs may not be increased during a financial year except when required in terms of a financial recovery plan.

Cognizance must also be taken of **Section 15** of the MFMA which refers to the appropriation of funds for expenditure.

Subsection **(a)** of section 15 determines that expenditure may only be incurred in terms of an approved budget; and

**(b)** Within the limits of the amounts appropriated for the different votes in an approved budget.

**Section 18 (1) (b)** of the MFMA states that an annual budget may be *funded from cash-backed accumulated funds from previous years'* surpluses not committed for other purposes.

Also take note of **Regulation 23** of the Municipal Budget and Reporting Regulations which refers to the Timeframes for tabling of adjustment budgets.

**Sub regulation (1)** states –

An adjustments budget referred to in section 28(2)(b), (d) and (f) of the Act may only be tabled in the municipal council at any time after the mid-year budget and performance assessment has been tabled in the council, but not later than 28 February of the current year.

**Sub regulation (3)** states –

If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

This sub regulation is intended to ensure that additional revenues allocated to municipalities by national or provincial governments through an adjustments budget are approved for spending as soon as possible to minimise the possibility of underspending.
