REPORT FROM THE EXECUTIVE MAYOR (ALD M KRUGER)

2. PURPOSE OF THE REPORT

The report is tabled to council in terms of section 28(2) (Municipal Adjustments Budgets) as required in terms of the Municipal Finance Management Act 56 of 2003.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Section 28 (2)(b) of the Municipal Finance Management Act 2003 (No. 56) (MFMA) states that an adjustments budget may appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for.

Section 28 (2)(e) of the MFMA states that an adjustments budget may authorize the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the Council.

The Municipal Budget and Reporting Regulations (MBRR) regulation 23(3) states that if a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

This sub regulation is intended to ensure that additional revenues allocated to municipalities by national or provincial governments through an adjustments budget are approved for spending as soon as possible to minimise the possibility of underspending.

Regulation 23 (5) of the MBRR states that an adjustments budget referred to in section 28(2)(e) of the Act may only be tabled after the end of the financial year to which the roll-overs relate, and must be approved by the municipal council by 25 August of the financial year following the financial year to which the roll-overs relate.

The GRDM received additional funds regarding the **Roads Department** for the month of August 2026 from the **Western Cape Department of Infrastructure**. A forecast was made for the subsequent two months (i.e. September and October 2026) as it is anticipated that further extension will be required. The anticipated amount over this period is **R34,463,226**.

The roll-over of unspent grant funds from the prior financial year amounts to **R3,601,550**.

Breakdown of grants:

Section	Grant	Roll-over Amount
Disaster Management	Fire Services Capacity Building Grant	3 000 000
Public Transport	Integrated Transport Planning	421 444
Community Safety (WOSA)	Safety Initiative Implementation - Whole of Society Approach (WOSA) Grant	146 332
Public Transport	Rural Road Asset Management Systems Grant	33 774
Total		**3 601 550**

These adjustments must be brought into the 2026/27 budget by means of an Adjustments Budget tabled to Council for approval.

5. RECOMMENDATIONS

6. BACKGROUND

Section 28 of the Municipal Finance Management Act 2003 (No. 56) (MFMA) determines that a Municipality may revise an approved annual budget through an adjustments budget.

Subsection (2) of the above section determines that an adjustments budget:

a) Must adjust the revenue and expenditure estimates downwards if there is material under-collection of revenue during the current year;

b) May appropriate additional revenues that have become available over and above those anticipated in the annual budget, but only to revise or accelerate spending programmes already budgeted for;

c) May, within a prescribed framework, authorize unforeseeable and unavoidable expenditure recommended by the mayor;

d) May authorize the utilization of projected savings in one vote towards spending under another vote;

e) May authorize the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the current year was approved by the Council;

f) May correct any errors in the annual budget; and

g) May provide for any other expenditure within a prescribed framework.

Subsection (4) determines that only the mayor may table an adjustments budget in the municipal council, but an adjustments budget in terms of subsection (2) (b) to (g) may only be tabled within any prescribed limitations as to timing or frequency.

Subsection (5) states that when an adjustments budget is tabled, it must be accompanied by an explanation of how the adjustments budget affects the annual budget and a motivation of any material changes to the annual budget.

Subsection (6) states that property rates and tariffs may not be increased during a financial year except when required in terms of a financial recovery plan.

Cognizance must also be taken of **Section 15** of the MFMA which refers to the appropriation of funds for expenditure.

Subsection **(a)** of section 15 determines that expenditure may only be incurred in terms of an approved budget; and

(b) Within the limits of the amounts appropriated for the different votes in an approved budget.

Also take note of **Regulation 23** of the Municipal Budget and Reporting Regulations which refers to the Timeframes for tabling of adjustment budgets.

Sub regulation (1) states –

An adjustments budget referred to in section 28(2)(b), (d) and (f) of the Act may only be tabled in the municipal council at any time after the mid-year budget and performance assessment has been tabled in the council, but not later than 28 February of the current year.

Sub regulation (3) states –

If a national or provincial adjustments budget allocates or transfers additional revenues to a municipality, the mayor of the municipality must, at the next available council meeting, but within 60 days of the approval of the relevant national or provincial adjustments budget, table an adjustments budget referred to in section 28(2)(b) of the Act in the municipal council to appropriate these additional revenues.

This sub regulation is intended to ensure that additional revenues allocated to municipalities by national or provincial governments through an adjustments budget are approved for spending as soon as possible to minimise the possibility of underspending.

Sub-regulation (5) states –

An adjustments budget referred to in section 28(2)(e) of the Act may only be tabled after the end of the financial year to which the roll-overs relate, and must be approved by the municipal council by 25 August of the financial year following the financial year to which the roll-overs relate.

3.3 Provision of basic services

The municipality, as a category C municipality, does not deliver basic services in respect of the following:

1. Provision of water services
2. Provision of sanitation services
3. Provision of refuse
4. Provision of housing

Service that is delivered by the municipality that is essential to the communities of the Garden Route region includes the following:

a. Garden Route DM plays a critical role in the delivery of Fire services in the area. This is supported by the fact that several service delivery agreements are in place with different local municipalities to ensure delivery of fire services within their areas.

b. Garden Route DM also has an Air Quality service level agreement with the municipality of Hessequa Municipality.

c. Disaster Management and ensuring that a collective effort is implemented is also a key function performed by the municipality.

d. The provision of Environmental Health Services is another key function performed by the district. With the food scarcity crisis and the impact that drought has on the provision of food security, the impact this function is performing is of critical importance.

e. Garden Route DM maintains and constructs roads on behalf of the Provincial Department of Infrastructure.

f. Garden Route DM is in the process to establish and operate a regional landfill site where participating local municipalities will be utilizing GRDM's services, and a tariff will be payable to GRDM.

The municipal budget is drafted to ensure the provision of these services can continue on an uninterrupted basis within the municipal jurisdiction areas.

3.4 SDBIP and MTREF financial sustainability

The municipality tabled a balanced/ funded budget during the May council approval budget process. The SDBIP was compiled based on this approved budget.

The Integrated Development Planning unit implemented an approved and improved IDP project plan and approach. This should ensure optimisation of the use of resources and enhance planning and monitoring of implementation in terms of the service delivery and budget implementation plan (SDBIP). The municipal SDBIP and KPI adhere to the SMART principles that are being advocated as best municipal practices.

Amendments to the SDBIP are also regularly completed and performed to ensure that administration stays on track towards the achievements of the targets and objectives of the IDP.
